

School Store

The School Store is a volunteer, and a student run program. It consists of students in the third, fourth, and fifth grades. School store is open for students for all students every other Wednesday during all lunch periods. Students work on a rotating schedule which is based on the following jobs: cashier, inventory clerk, advertiser, banker, mathematician, and manager (5th grade only). The students learn to handle money; rounding numbers to the nearest dollar, making change and proper use of the calculator. Students will also learn about basic economics; supply and demand, price setting and ordering merchandise. Third, fourth, and fifth grade students will retain information about organizing as well as a business sense. We currently have a total of 51 students (22 third graders, 18 fourth graders, and 11 fifth graders) participating in the school store. Attached is a copy of the welcoming letter and the job descriptions that was received by the children.
