

Assemblies this Year

Assembly dates for the UES as of now:

- 1) 11/23: Unique Entertainment will be presenting two assemblies, The Game Show and the Human Board Game! Please visit the website at, <http://www.uniquegameshow.com/theultimate.html>:
 - a. The UNIQUE Multi-Media Game Show is the first of our terrific shows. The Game Show has been likened to a cross between Jeopardy, Name That Tune, Double Dare (the old Nickelodeon show) and Remote Control (the old MTV show) – but with 100% participation. The game show is played in teams – two, three or four teams to be exact. Each team sends five contestants to play at a time. In a one hour show we have had over 500 people actually get to play! We incorporate video and audio questions, team building physical challenges and karaoke style sing-a-longs. It's high energy but organized. Creative but not overwhelming. And it's totally UNIQUE!
 - b. This a total participation program that is all about working together with your team. Sportsmanship and teamwork are essential, and teams earn extra points by showing their spirit. The Ultimate Human Board Game can be played inside or outside and can easily accommodate up to 350 people. We divide your participants into three teams, and each team sits around their side of the Human Board. The teams take turns rolling the dice, but all three teams participate in each activity. The Board is U shaped with sixteen spaces around. Each space has a specific activity associated with it. Every activity involves all three teams. It's fast and spirited but very organized. Working together was never this much fun!
- 2) 11/24: Duet Pros will be coming to present us with two educational shows:
 - a. **THE TRAIL WEST** - An inspirational story of life on the Oregon Trail
 - b. **FINDING KING TUT** – A determined archeologist encounters ancient Egypt
- 3) 4/15: Author Eric Wight will be coming to speak to all grade levels to talk about an informative demonstration about being an artist and author and a make-your-own comic workshop
- 4) 4/20, 4/21 and 4/22: in the afternoons we will have a presentation from Planet Pirates at www.discoverymuseum.com. Ahoy there, maties! Calling all land lovers to learn their three Rrr's: Reduce, Reuse, Recycle! Not only do the Planet Pirates protect and preserve planet Earth, they create and keep their own "green" treasure.
