## Come Out and Support the Arts

Students at the LES have worked hard this year to produce some amazing work and they deserve a night to celebrate their achievements. **Every** student at the LES will have one art work framed in the show. If you would like to keep the frame, please consider making a **\$25 donation** to the *NHSD H.S.A.* with **100%** of the proceeds going towards next year’s show and art supplies. Profits in the past have gone towards technology like iPads, 3D printers, and green screens for teaching students how to create digital art like photography, 3D design and stop motion animation as well as traditional arts like special tools for ceramics. This year, students were able to use iPads to create an Oriental Carpet and make it magical by using a green screen. They “visited” the drawings they made of the Taj Mahal.

### You Can Donate Now!

The Art Show has become a great event made possible by your participation and donations. You can donate before the show by [donating with Pay Pal](#). Follow the link below and you can donate in seconds. Link <https://tinyurl.com/hgft4cz>

We will also accept cash, check and credit card at the Art Show. If you do not take the frame home, your child will get their artwork back in school.

- Mandalas inspired by sand mandalas made by Buddhist Monks
- Landform Islands inspired by Maya Lin
- Layered drawing inspired by the work of Matthew Ritchie

## Volunteers Needed to Make the Show Possible

The Art Show has become a great annual event for our students, but it does take a lot of planning and work to make it possible. I simply would never be able to do it without the help of our dedicated families. Please consider volunteering this year to help prepare and set up the art show. More details on the back.
