## 5 Ways to Clean Up This May!

We've compiled a list of 5 ways you can work together this month, turning cleaning time into quality time\*:

**1. Clean out those closets:** Pick a non-profit to donate to, or, go the resale route and combine your earnings to plan a family fun day!

**2. Get creative:** Old macaroni, buttons, fabric scraps... Sort these loose materials into cups, break out the hot glue gun, and turn trash into treasure!

**3. Shape sort:** Reorganize the kitchen cabinets. Ask your kids to sort and stack the pots and pans by shape.

**4. Pantry purge:** Everyone has those half-used bags of pantry staples taking up space! Collect them together, then get creative planning meals that incorporate the ingredients.

**5. Take a break:** Whether it's a quick walk or a living room dance party, building in breaks keeps everyone motivated!

## National Physical Fitness & Sports Month

Nutrition is an important part of kids health, but so is exercise! Movement has brain and body-building benefits that students need to learn and grow. This month, celebrate all our bodies CAN do with Physical Fitness & Sports Month. Consider bringing The Daily Mile program to your school! Schools and/or classrooms that participate in The Daily Mile commit to getting outside each day for 15 minutes of walking, jogging, or running. Learn more at: <https://www.thedailymile.us>

## Memorial Day Matters

More than just the start of summer, **Memorial Day** is when we take a moment to recognize those men and women who gave their lives in service to our country. This month, make a plan to spend it together! Whether you choose a patriotic parade or a memorial service, one way to incorporate red, white, and blue into the day is at mealtime. Here are some patriotic options to get you started:
