Determine committee goals. Use the information from the matrix. What can you continue and enhance? What can you add to fill in missing areas? What are the things the team will accomplish during the year?

1. _____
2. _____
3. _____
4. _____
5. _____

Create an action plan. Use the attached grid to organize your work, make assignments, and follow up on tasks.

1. List the goal and frequency of implementation (year-round, September, 4x/year)
2. List the type of connection (Child-school, Family-school, School-school or Community and school)
3. List the activity, preparation tasks and resources needed
4. List the implementation date
5. List the team members and other participants who will be involved in planning and implementation
6. List the barriers you might encounter and strategies to overcome them
7. List the team members and other participants responsible for any follow up and evaluation of the goal
