

**New Hope – Solebury School District
Equity Committee Meeting Minutes
September 22, 2020**

Dr. Lentz, committee chair, called the meeting to order at 4:00 PM, via Zoom.

Dr. Magerman reported that the survey was ready to go out the following week, with interview protocol coming. Survey will collect demographics (to understand our reach), attitudes and beliefs about equity, knowledge and action, home/parenting (what is discussed at home), community climate (experience, exposure, safety), and NHSSD school experience. The interview will go into greater depth, lasting 20-30 minutes. The sample will be random but purposive and mindfully diverse.

A breakout session was held for groups to discuss how to publicize the survey and interview. Advertising and outreach will be made to all district stakeholders. Suggestions included: community listserv, flyers at Giant, library, and local businesses; local legislators; HSA and PTG; New Hope Cares and community organizations; etc. Paper version and QR codes will be made available for accessibility.

The survey will close November 1, with interviews completed in early October. Dr. Magerman will report the results in December.

The meeting was adjourned at 5:45 PM. The next members' meeting will be held via Zoom on October 21, 2020.
